KENNEDY 11

#LINEUP11

After the gruelling game last weekend that left a few players on one leg, there was genuine concern on whether we'd be able to field a team in this huge top-of-the-table clash against Gwandalan, also undefeated. Worst yet, team strapper Julia was in doubt with the flu meaning even if we got a team out there, how long would we last without her magic shamanism? Thankfully, a good dose of her own remedies - and some petrol for the hour long trip from Ettalong - had her making the trek. As for the boys, well we miraculously had fifteen with valid passports including O'Connor - who had been coaxed to return despite still feeling sore from his car accident - plus Fitzzy and Ashton who were still injured but geared up on the off chance they'd be needed. The winter weather had certainly arrived as Gwandalan greeted us with heavy winds and a soggy ground with a few mud pools here and there.

Having assessed the sun's position for the high noon kick off, goalkeeper Nige suggested we face into it for the first half. Brad obliged this request by winning the toss and much to Neale's chagrin, we had to change sides. "It's thirty-fives" he bemoaned as he made the long fifty meter trek. As tactical as his plans were, Nige forgot one thing ... to wear a cap, and that pesky sun sure enough got in the way as a seemingly innocuous shot from the Cobras bounced out of Nige's grasp and over the line! As Julia would often say, there's 10 players in front of the goalie and that was sure to wake the team up. A lack of pre-game cohesiveness certainly hadn't helped. Soon enough though luck had turned in favour of the Tigers. Whilst Tim narrowly missed connecting with Neale's corner kick - won due to a great run down the right flank by Brad - the ball found its way to a Gwandalan player who kindly miskicked it into his own net. Thank you very much. The parity did not last long at all with some quick play. Nige threw the ball in Andy's direction. He found Tim in the middle whose through ball had McGarvey running on and netting yet another goal this season. Next, McG was on the assist board when O'Connor - who'd only just come on - pounced on the deflection and charged from halfway. There was no stopping him as he weaved past the keeper and made it 3-1. Tempers flared for the Cobras as the yellow cards came out and one of their spectators - or perhaps their coach - got his marching orders. On the flip side for them, they did manage a second goal late in the half with a low shot that a diving Nige narrowly missed.

For a majority of the second half, the score remained 3-2 in our favour. There were close goal-scoring opportunities at both ends. McGarvey had some good chances and Stew almost could've had a tap-in. Wallace meanwhile won the dubious honour of being the first player for the team to be booked with a yellow card, tsk tsk. Impressive it has taken this long for the team, especially with Fitzzy playing most games this season. As the clock ticked on, it became a question whether we could hold on. We'd been informed there were twenty minutes to go when Timmy Cohen took a tumble in the defensive box clutching his knee and leaving a huge divot in the surface. Neale had been full of praise citing Tim's efforts today were the best since the Under 14s. A skeptical Chamo however was convinced he'd taken a dive to get out of driving the long trip home and drink beer in the passenger seat instead. Thankfully it wasn't as bad as it looked and Tim was back on the field soon enough.

Someone else who had received plenty of praise from the first half was Scott Cruise especially for an outstanding, perfectly timed sliding tackle where he pried the ball completely from an opponent's feet. In almost the same spot of grass in this half, he made an attacking run, weaved past a couple of defenders and sent a superb through ball to O'Connor who grabbed his second for the day. That clearly consolidated Cruise taking out the MVP today and surely 4-2 with minutes to go meant we'd go home with the three points. Neale had hoped to have spent a majority of the second half on the bench to rest his ailing calf but Tim's injury / dive had seen an end to that. Neale returned to the field obviously too relaxed, failing to hold in a fart as he lined up for a free kick. The nearby crowd weren't particularly appreciative but thankfully the winds had at least settled by then. In the end, he was more than happy to have partook in more game time as those final few minutes saw him claim his first goal of the season courtesy of a great cross from McGarvey, narrowly slotting it in between the keeper and the right upright. 5-2! This mighty result sees us jump to the top of the ladder with The Entrance narrowly behind us on goal differential. Again, a special thanks to Julia for making the long trip despite feeling unwell and for Paul & Fity being their to put their bodies on the line if called upon.

Goals (Assists): Opposition (McAndrew); McGarvey (Cohen); O'Connor (McGarvey); O'Connor (Cruise); McAndrew (McGarvey)
