#LINEUP11

After the exciting comeback against the Entrance, the boys were prepping their passports and getting their monkeypox vaccines booked in for the next weekend, an exciting journey to Doyalson! But then that bloody rain turned up again - a month's worth in one day the weather experts proclaimed - and that was it, another game cancelled. Next up was Berkeley Vale but at Alan Davidson. Could our beloved home ground that's suffered the waterlogged equivalent of Long Covid this season dry up in time? Grounds Reporter Luca took dog Ziggy out for a surface inspection during the week and whilst he was complimentary of Field 2 - that had been bolstered by stealing the sand from the local day care's playground - he wasn't particularly in high praise of Field 1... quote, It's f@&ked!, unquote.

Friday came and went with no destination updates. Seemed we would get to play on 'Ming soil for our final home game this season... it would however be Field 2 as Luca was right, Field 1 was f@&ed!. Speaking of flooding, the teamsheet was bursting at the seams with 18 players available. Only O'Connor was missing, busy travelling the countryside with his gang of youths. A call for two volunteers to sit out was made and whilst Stew (his offer refused as this was his 100th game), Cruise, and Wallace put up their hands, that pesky pest that is Covid stepped in and took its latest victims in Geoff and Lawesy. Nothing a few cartons of beer wouldn't fix during a week of isolation for those two.

Whilst our opponents were still anchored at the bottom of the table, recent results had shown they had been more competitive and perhaps less prone to whine about other teams needing to be in a higher division. They had turned up to play football today and based on the early exchanges, they were hungrier for the ball. In fact, if it wasn't for Fitzzy's heroics of making a clearance from the goal line, we could've been trailing early on. As the dust, or should I say sand, settled on the ugly start, we started to build some attacking runs. Tim had hoped that the success of finding the net at the north end of Field 1 would also apply to Field 2 ... it did not. He had three great chances though. Hoping to make impacts from the bench, Andy and McGarvey joined the action. Andy had a couple of runs down the right flank but seemed to forget the shortened width and forced Smithy to collect crossed balls from near the sideline. Meanwhile, McGarvey's best chance saw him spending more time tricking defenders than finding his bearings as his shot found the wrong side of the net. Working tirelessly upfront, Smithy finally broke the deadlock when he received a long precision pass from Chamo and struck from an acute angle just inside the goal line on the right edge. Advantage, Tigers!

Things looked more promising in the second half except for one major hinderance ... the fricken Crossbar! Smithy fared the worst, finding the woodwork almost half a dozen times. McGarvey also had a run-in or two: one was an attempt whilst the keeper was out that bounced off the bar; and the other - whilst also taking a deflection - had the kind grace to at least cross the line, giving us the second goal, an assist courtesy of Smithy. Ashton's shot was probably the next closest to not quite find either the net or crossbar and Andy, well he spotted their goalie well off his line, but his shot curled too wide prompting much taunting that he'd missed an open goal, hmm. Chamo, who was quick to point out the simple mathematics in working out CCF's "average points" system to those listening, wasn't doing so well in keeping score. When Berkeley hit back with a goal of their own, he was sure we had scored three goals. Nope! And so, a bit of nail biting ensued for those final minutes as we battled on to ensure we didn't drop any points. Thankfully we held on to collect our tenth win of the season. Smithy, Cruise, and Webb (on his 100th game) collected the MVP points. Was also a welcomed return by Luca who hadn't been on the pitch for over a month, great to have you back Italian Stallion.

Goals (Assists): Smith (Chamings), McGarvey (Smith)

AROUND THE GROUNDS

The Entrance vs Kanwal-1 fixture was the only game not washed out / cancelled in Week 12. The Entrance's two straight losses has given Kanwal-2 a sniff in making the Top 4 with now only three points between them... Week 13 saw Wyoming-1's tenth win of the season and maintain their 4-point lead; Gwandalan have taken outright second place with a 3-2 victory over Ourimbah, both teams have an extra game in hand and play again in the final round. The Entrance returned to the winner's circle whilst Kanwal-2 have now won three in a row since their forfeit.
